

NUMERICAL INDEX — DIVISION 518
KEY TELEPHONE SYSTEMS, VIDEO TELEPHONE STATIONS AND SWITCHING SYSTEMS
CUSTOMER EQUIPMENT

1. GENERAL

1.01 This section provides an index of System-issued sections in Division 518.

1.02 A bullet (●) indicates an item that has been added or changed since the previous issue of the index.

1.03 A square (□) indicates a canceled item. Information relating to the cancellation, if necessary, will be shown in a note following the item. Canceled items and related notes will be deleted upon reissue of the index.

1.04 A heart (♥) indicates a new or reissued item which, because of its limited needs, has not been distributed on standing orders. Locations requiring these items should place regular (one-time) orders for them.

1.05 "Add" is the abbreviation for Addendum.

1.06 These layers provide two listings of practices. The new layer lists new BSP numbers. The old layer remains the same. Old sections will be canceled when the included material has been moved into new practices.
